

PRESS RELEASE– June 2020

On the way to the Skyrhune on 12 September 2020 ? Hope ... FINALE GOLDEN TRAIL NATIONAL SERIES France 2020

Since 2014, Skyrhune has become after few editions one of the most incredible race of the French calendar ! Success continues to grow beyond the Basque borders and France...As of today, difficult to know what will happen in September considering Covid19 consequences, but we continue to work hard with passion to propose our race to all the runners... let's cross the fingers and see!!! Skyrhune is an amazing alchemy ! A very demanding trail with 21 km and 1700 meters slope, without change since its creation, with numerous references and a panoramic and technical path between mountain and sea, with the mythic Rhune summit at the top of the climb !

It is above all a race for runners and organized by runners, with an amazing team of volunteers, with the firm will to make this event a great party since its creation. The race does not stop with the finish line...there is a party after the race, food, music until the end of the night .., with watchword ! everything that happens in Ascain will remain in Ascain.

All these elements have made the Skyrhune over the years an awesome event, where an very singular atmosphere of madness does not stop growing every year, hundreds and hundreds of spectators who make the journey to enjoy and participate in the show!

The Basque fervor in all its splendor.

The race will take place on Saturday 12 September at 14:00 in Ascain, and will be again the final of the Golden Trail National Series France tour.

This month of June is the time to pre-register. 500 participants. 400 bibs by draw and 100 elites in July.
Registrations 2020 are open from Monday 1 to Monday 15 June at 23:59.
Date of draw: Wednesday 17 June.
